Elevated working

The Pinnacle is undergoing a period of transformation with significant investment to elevate the scheme as the landmark building at the heart of the City of Milton Keynes.

A new stunning entrance reception provides a new focal point for the occupiers creating an elevated sense of arrival.

Additional investment in the Urban Courtyard provides a vibrant central garden which connects from the Business Lounge and provides occupiers and their staff with stunning landscaped relaxation areas.

The Pinnacle has also developed a renewed strategy around health and wellbeing initiatives with a new suite of facilities including new showers, lockers and cycle storage catering for the more active commuter to the office.

A stunning new entrance reception provides a focal point for the occupiers creating an elevated sense of arrival.

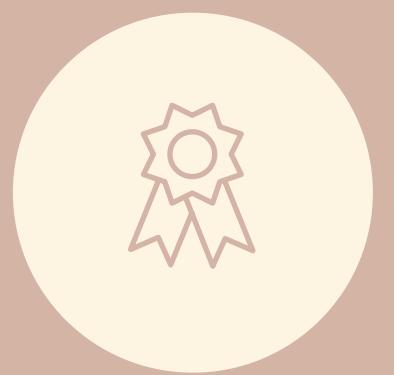

The Pinnacle Milton Keynes

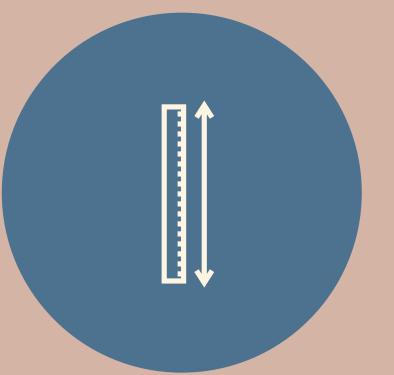

Setting higher standards

All details have been considered to provide a next generation work environment.

24/7 access & security

New WCs

New end of trip facilities

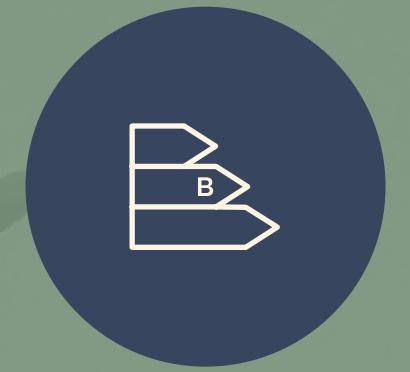

Urban Courtyard
Garden which has been
designed and landscaped
to create a central area of
wellbeing and biodiversity
using ethically sourced
materials and plants.

Green wellbeing

The Pinnacle is looking to prioritise the health and wellbeing of all occupants by targeting industry accreditations for Fitwel and Active Score certification.

By adopting Fitwel as part of the building strategy we want to ensure that the building implements and maintains health-focused protocols and amenities to support the tenants and their staff.

Active Score helps promote and support commuting and travel habits with enhanced "end of trip" building amenities.

EPC: B
(47 – achieved)

BREEAM

A regional powerhouse

Milton Keynes is the only city in the UK designed and purpose-built with business growth in mind.

Already home to global brands, it has been at the forefront of growth in recent years, putting the city's tech productivity above that of Oxford and Cambridge.

Some of the city's largest employers include: the Open University, Network Rail, Santander, Volkswagen and Red Bull Racing.

Thriving diversity

Over 12,500 registered businesses, more than 1,800 of which are creative firms.

Education

MK:U, the UK's first university focused specifically on technology, engineering and science courses.

Population

MK's population is projected to exceed 300,000 by 2027, with the demographic weighted towards the young and working age brackets.

UK top five

Recognised as the national hotspot for entrepreneurial activity and ranks in the UK's top five for concentration of high tech and digital SMEs.

Smart City

Where researchers can trial initiatives to help modern cities become greener and more pleasant places to live and work.

Green Energy

The Central Business District is supplied with low carbon district heating and electricity by a Heat and Power (CHP) energy station.

Technology

Milton Keynes is identified as one of the UK's five Fastest Growth Cities

Super connected

At the forefront of growth in Tech and AI – the city's tech productivity is above that of Oxford and Cambridge with one in three jobs in Milton Keynes in tech.

Investment

Infrastructure investment and new homes set to create c.1.1m new jobs by 2050.

Universities

Home to two of the top ten universities in the world.

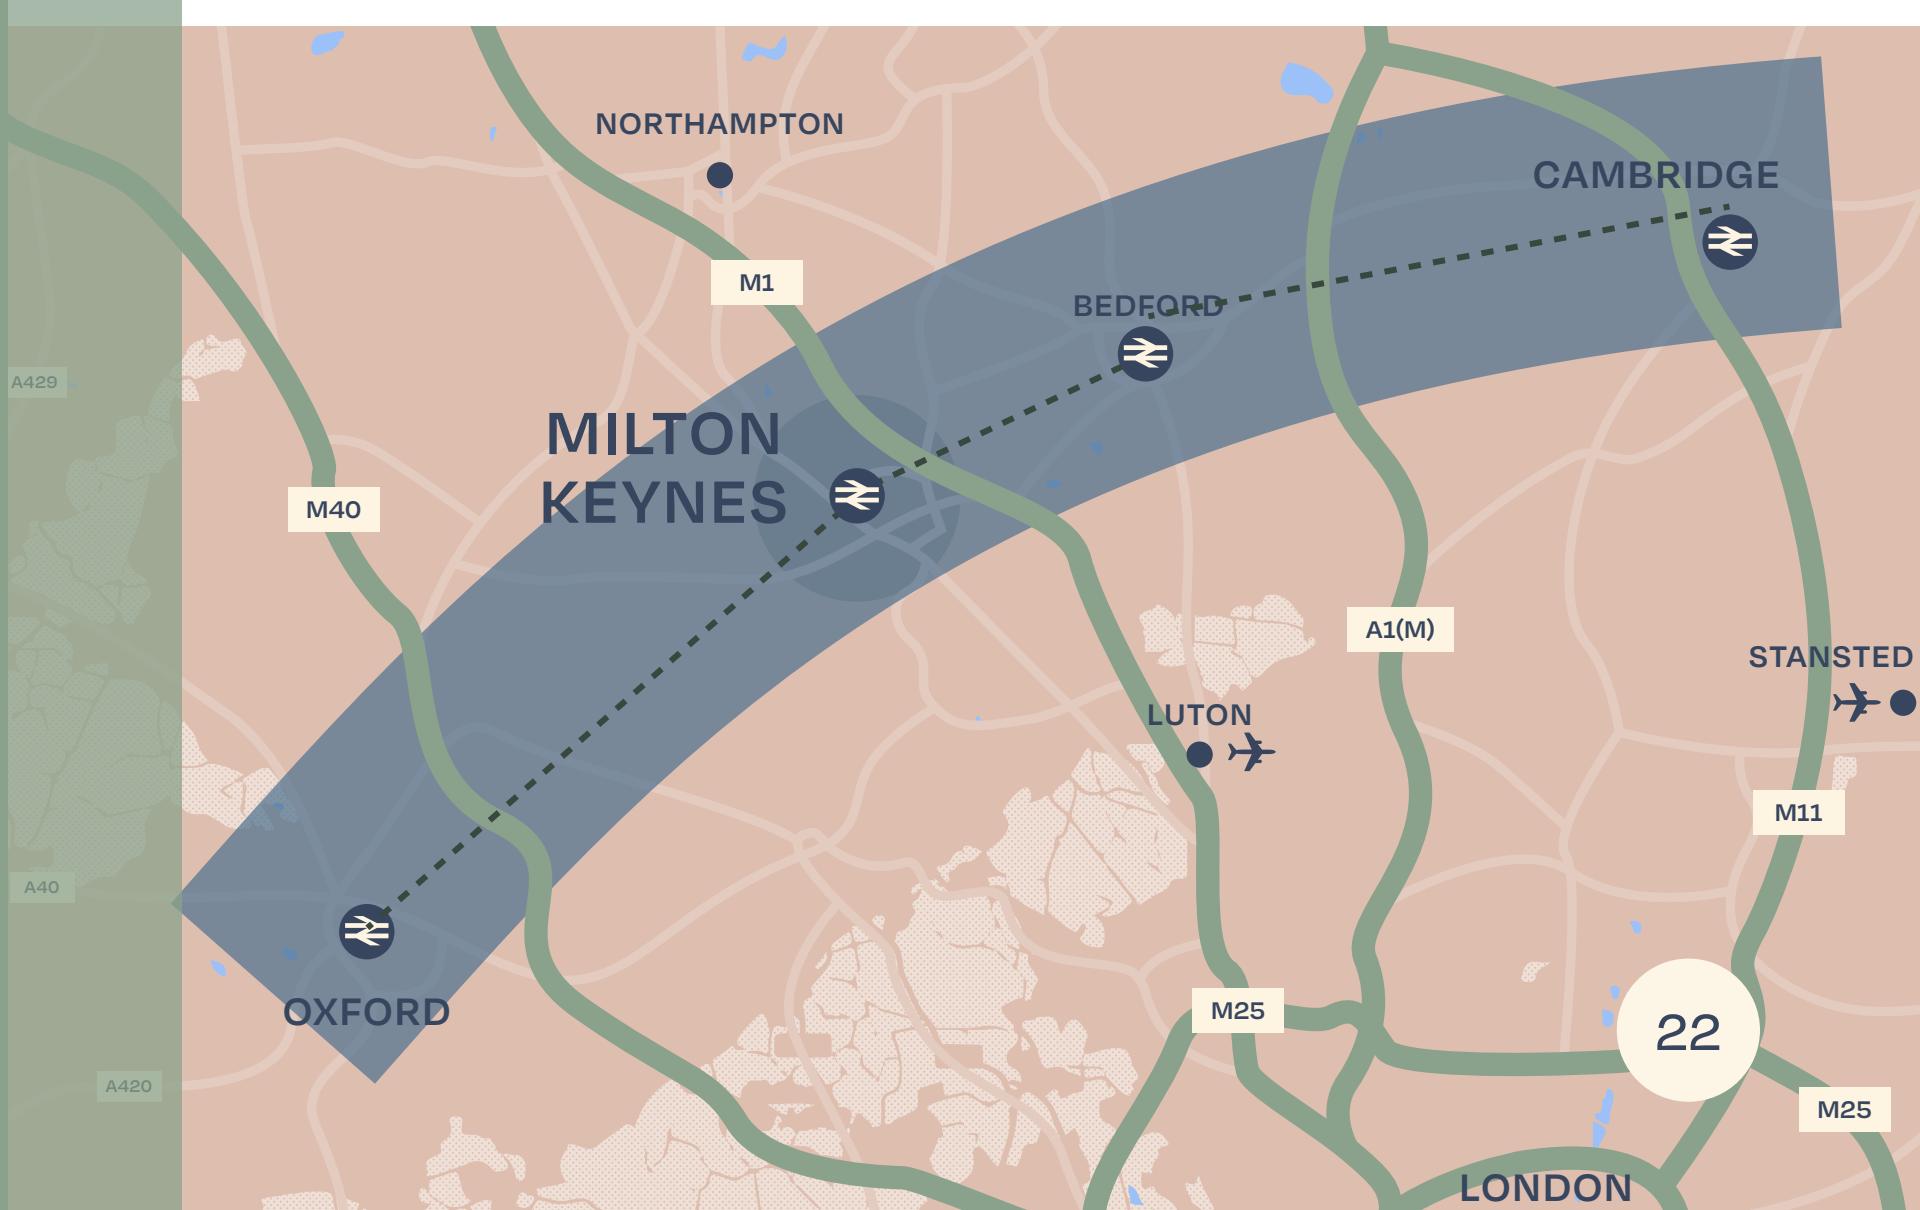

Economy

Supports over two million jobs and adds over £110bn to the economy every year.

The Arc

A new fast rail link will directly connect the cities of Cambridge, Milton Keynes and Oxford, cutting current journey times in half.
